## PROJECTS

**1.Rock Paper Scissors game**                              Oct 2025
                              *Language*: *HTML5, CSS3, JavaScript*

- A fun and simple game where players choose rock, paper, or scissors to compete.
- The result is based on rules — rock beats scissors, scissors beats paper, and paper beats rock.
- Built using HTML, CSS, and JavaScript to create an interactive and responsive gameplay experience.

**2.Online Quiz**                              Oct 2025
                              *Language*: *HTML5, CSS3, JavaScript*

- It is a web-based platform that allows users to take quizzes anytime, anywhere.
- Users can answer multiple-choice questions and get instant results.
- It helps in evaluating knowledge quickly and efficiently without manual checking.
